

Easter Maths

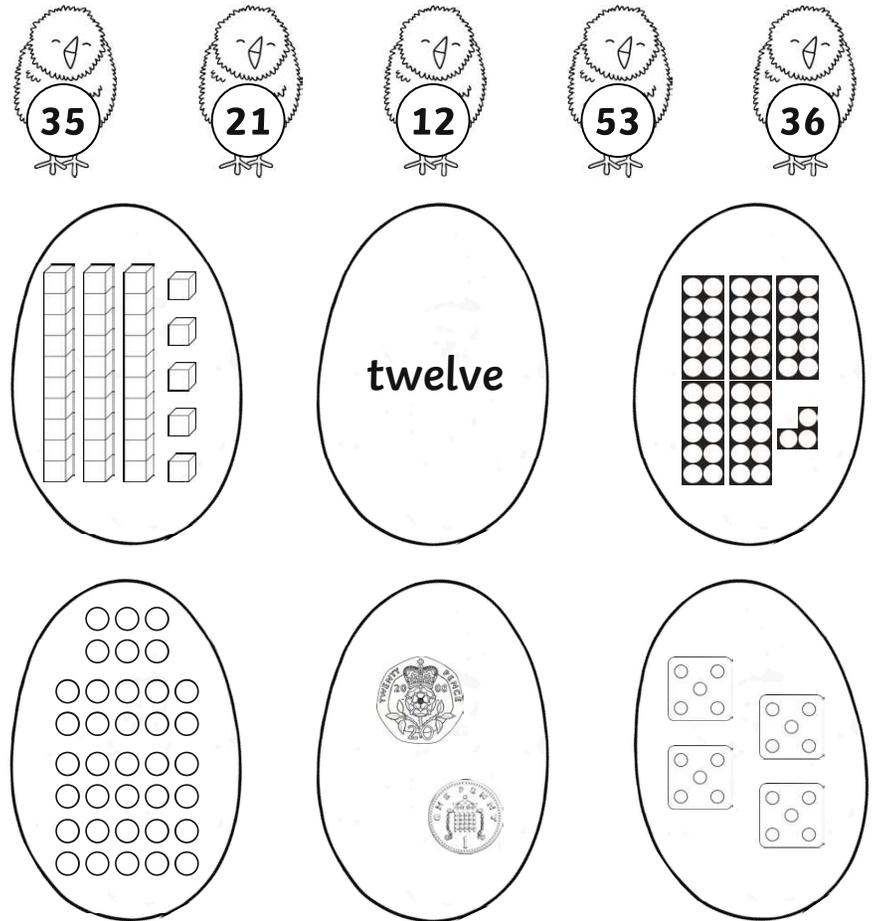

Activity 1

Can you count on forwards or backwards from the numbers on the Easter eggs?

Activity 22

Can you find the matching egg for each chick?

What was the number of the egg that you did not need?

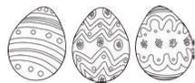

Activity 21

Can you solve the number sentence below?

$$10 + \boxed{\quad} + \boxed{\quad} = 19$$

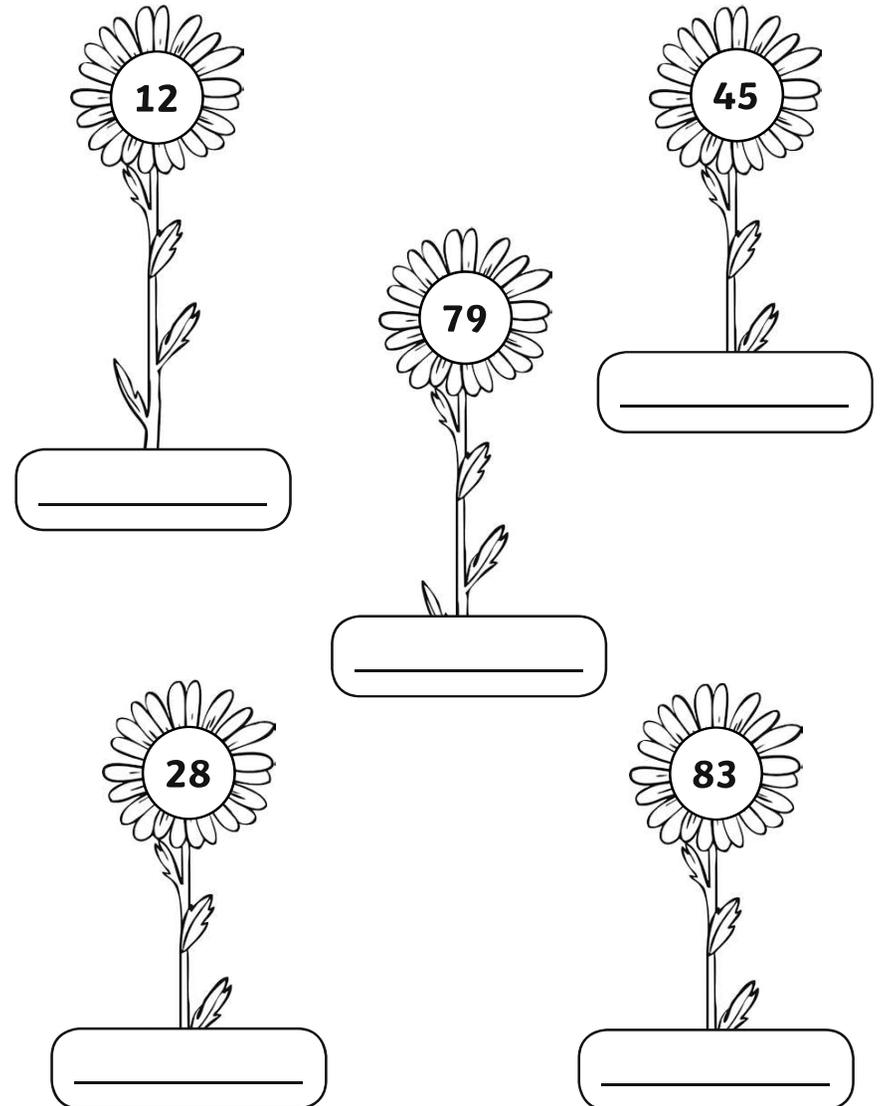

Can you draw a picture to represent the number sentence?

Challenge yourself to turn the number sentence into an Easter word problem.

Activity 2

Can you write the following numbers as words?

Activity 3

The Easter Bunny has got in a pickle counting Easter eggs. Can you find the missing numbers to help him deliver the correct quantity?

$$1 + \underline{\quad} = 10$$

$$\underline{\quad} + 6 = 10$$

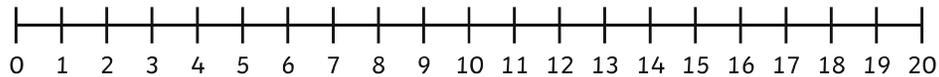

$$8 + \underline{\quad} = 10$$

$$12 + \underline{\quad} = 20$$

$$14 + \underline{\quad} = 20$$

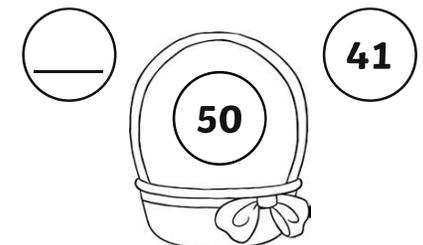

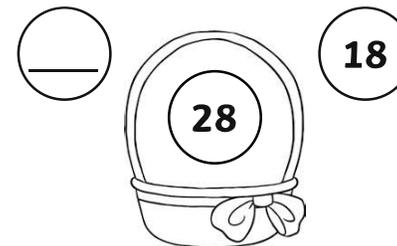

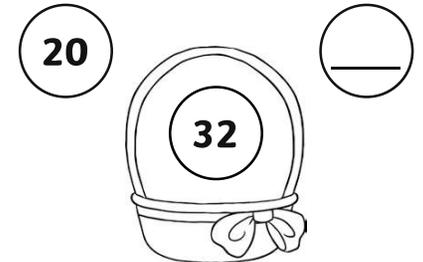

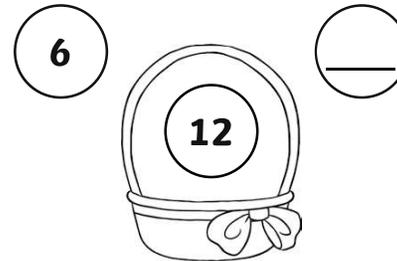

$$7 + \underline{\quad} = 20$$

$$\underline{\quad} + 18 = 20$$

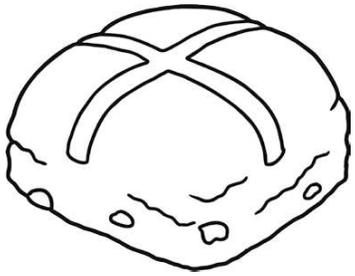

Activity 20

Can you find the missing number to make the total in the basket?

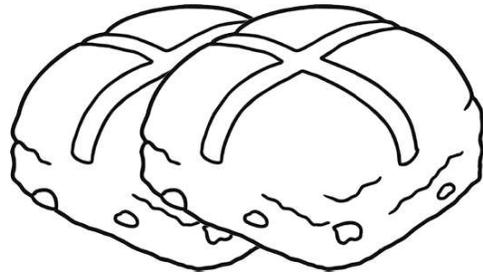

Activity 19

What different coin combinations could you use to buy these hot cross buns?

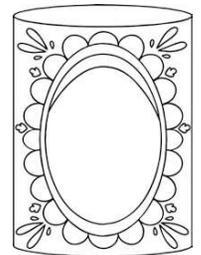

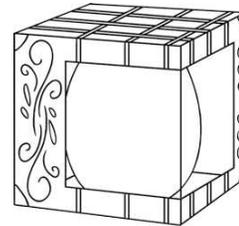

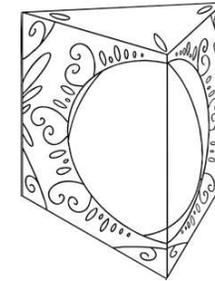

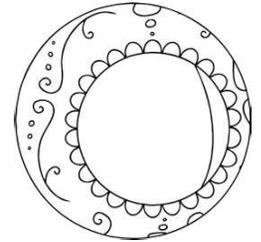

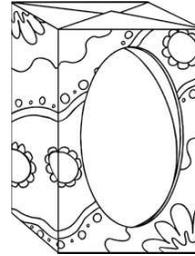

25p

50p

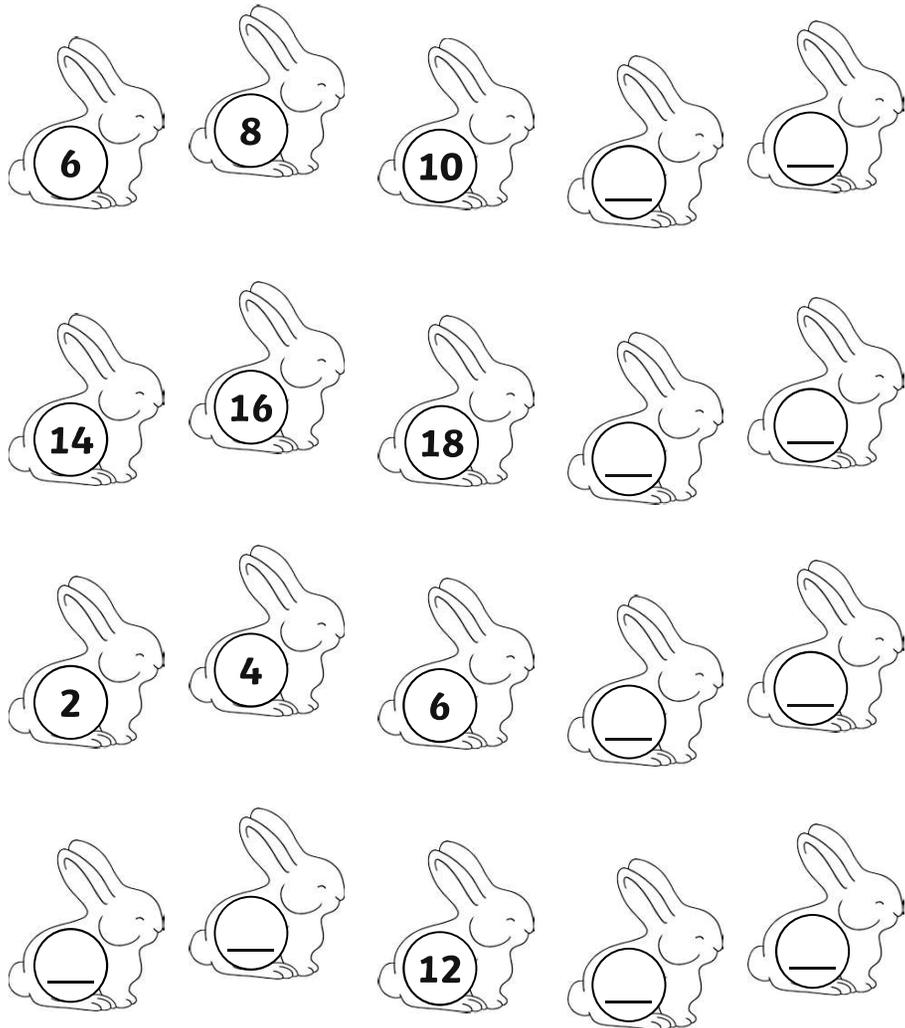

Activity 4

Easter eggs can come packaged in boxes. Can you identify the shapes of these Easter egg boxes?

Activity 5

Can you complete the sequence?

Activity 18

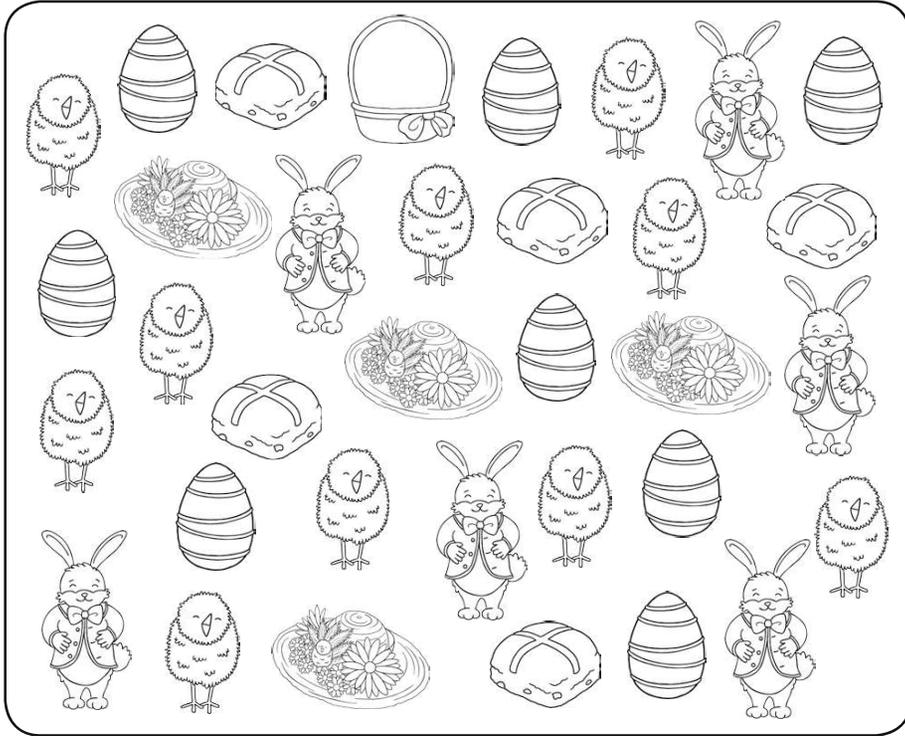

The Easter Bunny is counting all his eggs. The eggs are in groups of 5. He has 7 groups.

How many eggs does he have altogether?

Activity 17

Can you count how many there are of each object?

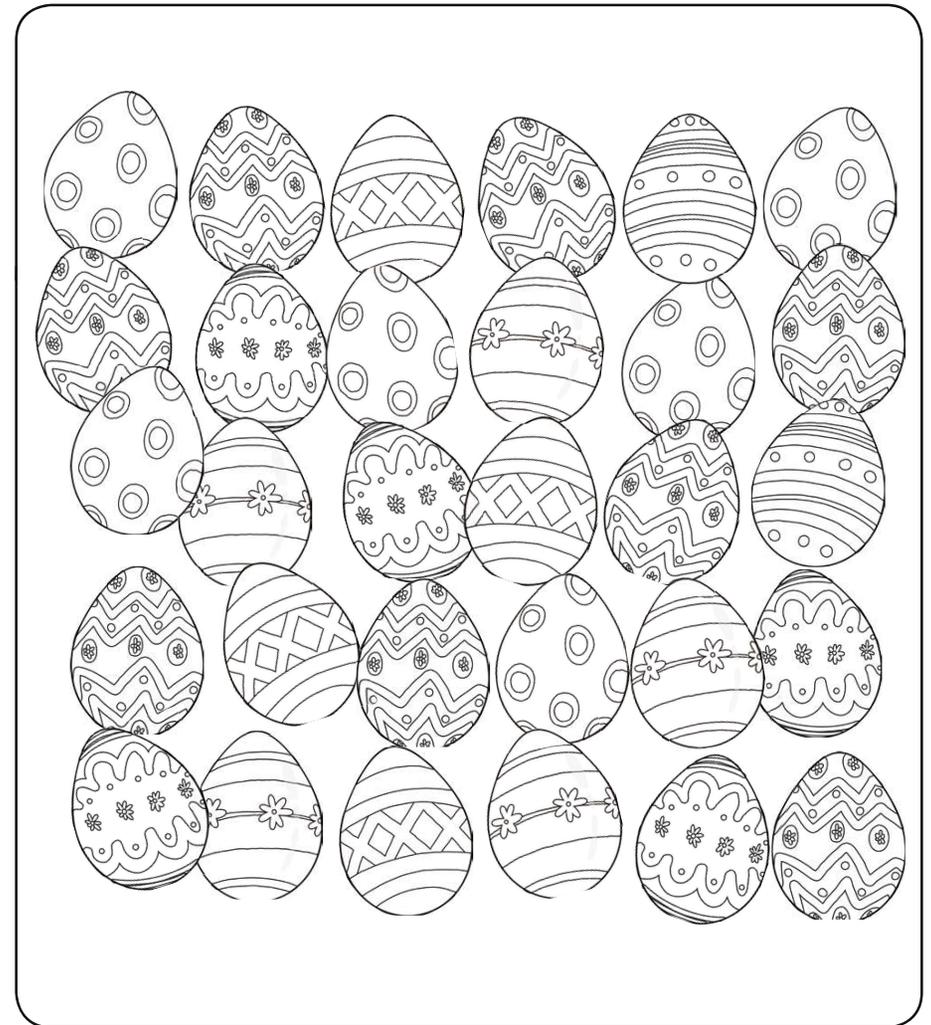

bunnies = _____ baskets = _____

chicks = _____ hot cross buns = _____

Easter eggs = _____ Easter bonnets = _____

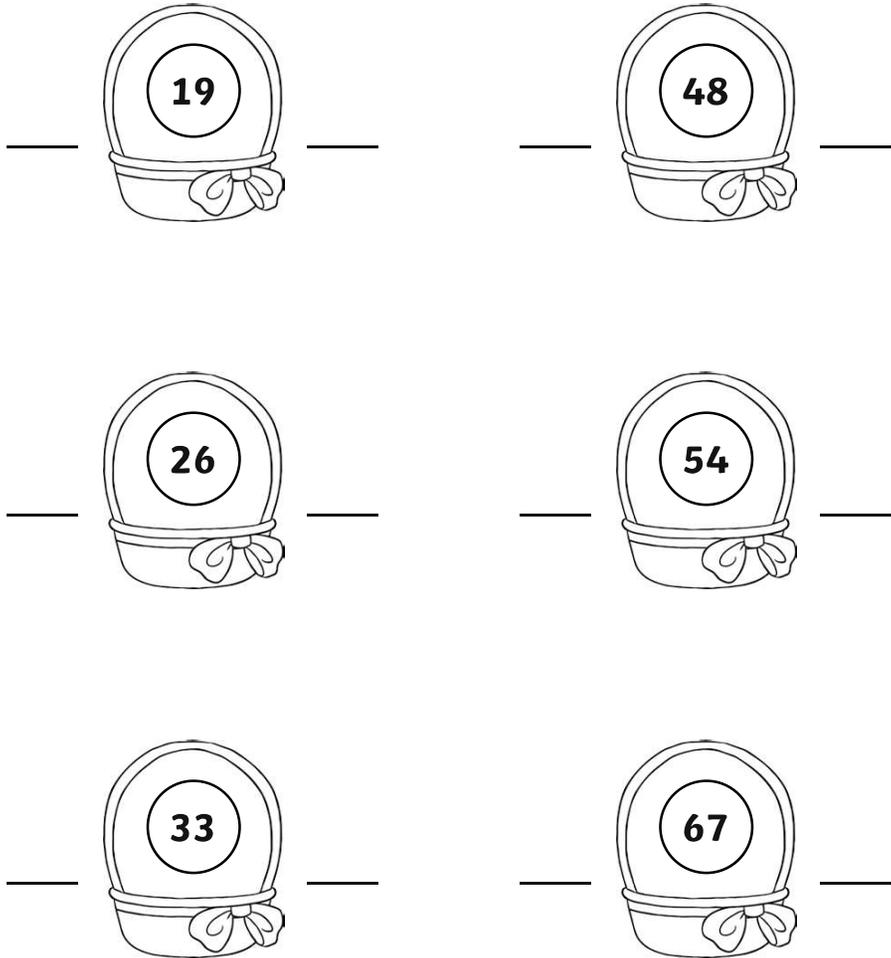

Activity 6

Can you estimate how many Easter eggs there are? Can you count them to check how close your estimation was?

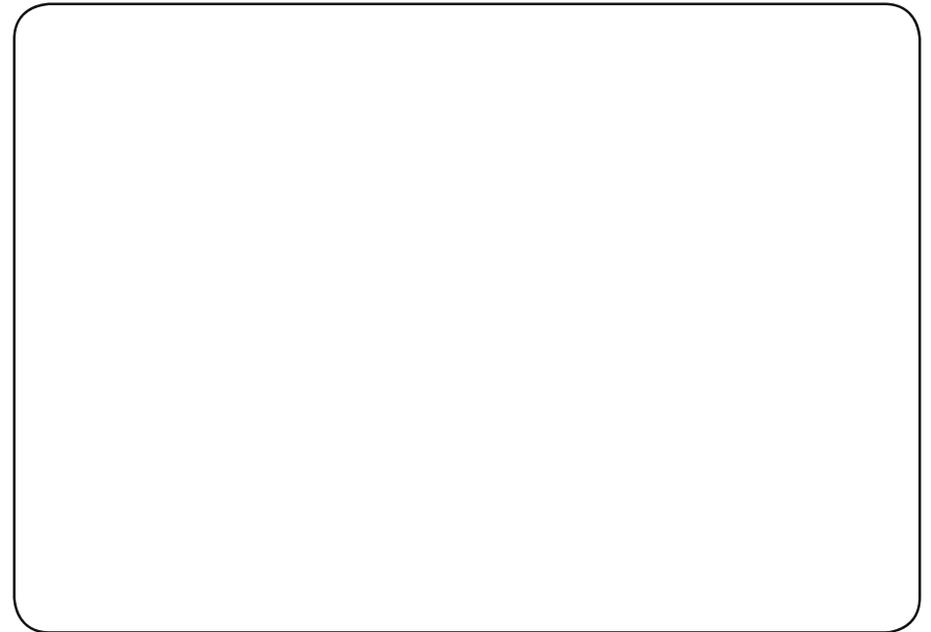

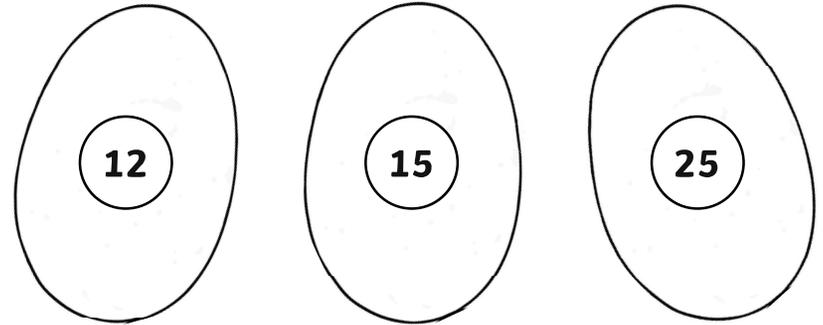

Activity 7

Look at the number of eggs in the baskets. Can you find one more and one less?

Activity 16

Which of these eggs is the odd one out?

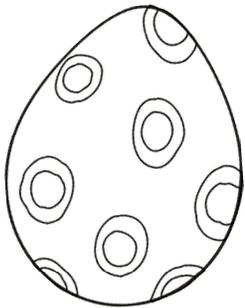

Activity 15

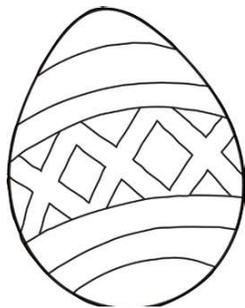

The Easter Bunny has been putting the eggs into a basket. There are 3 eggs left to put in.

In what order could the Easter bunny put them in the basket?

How many different ways can you find?

1

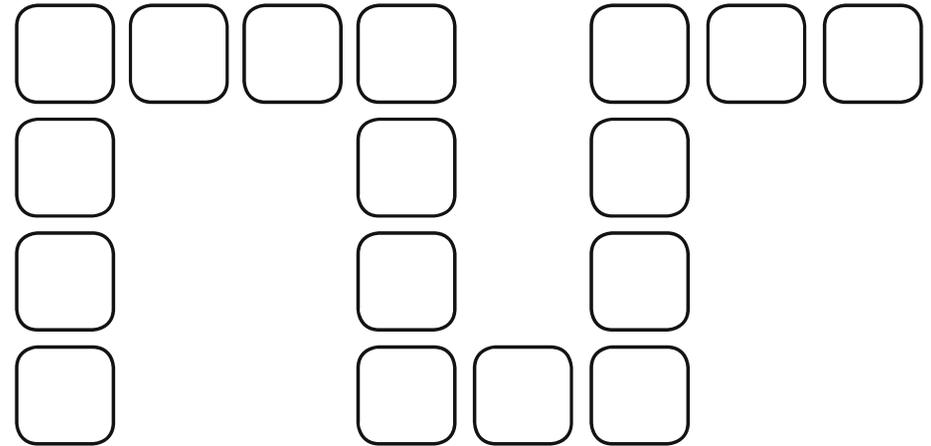

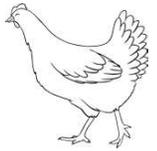

2

3

Activity 8

Can you help direct the baby chick back to its mummy? Can you use the words 'forwards', 'quarter turn', 'half turn'?

Activity 9

Five baby bunnies had a race. They finished in this order: Floppity, Snuffles, Fluff, Softy, Hoppy.

1. Who came 1st? _____
2. Who came last? _____
3. What position did Snuffles come? _____
4. Who did Softy come after? _____

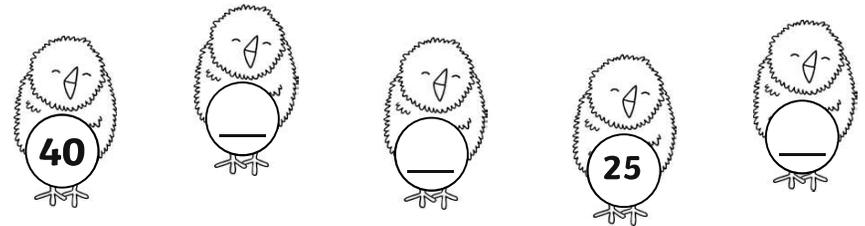

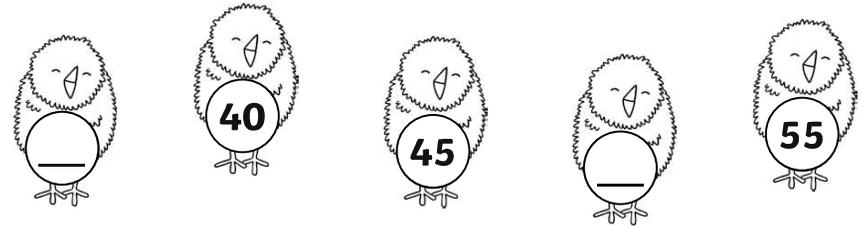

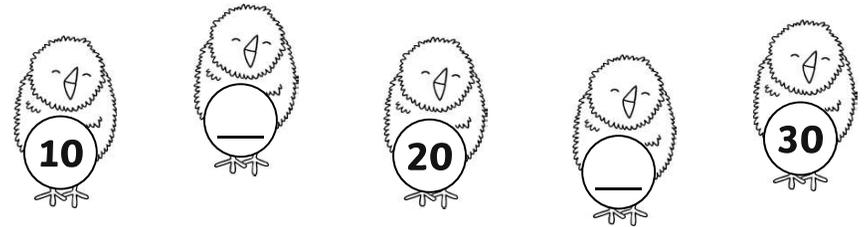

Can you design your own race? Who will come first?

1st place _____ 2nd place _____ 3rd place _____

Activity 14

Can you complete the sequence?

Activity 13

Can you crack the Easter code?

$$\text{Rabbit} = 2$$

$$\text{Egg} = 5$$

$$\text{Chicken} = 10$$

$$10 \times \text{Rabbit} = \boxed{\quad}$$

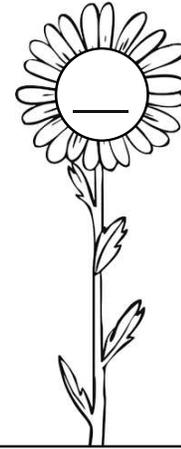

$$7 \times \text{Egg} = \boxed{\quad}$$

$$8 \times \text{Chicken} = \boxed{\quad}$$

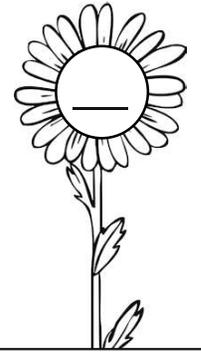

Can you make your own code for a friend to crack?

Activity 10

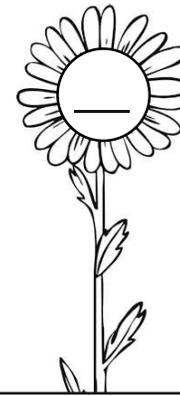

Can you write the following numbers as numerals?

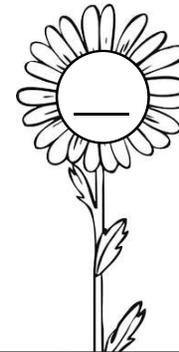

seventeen

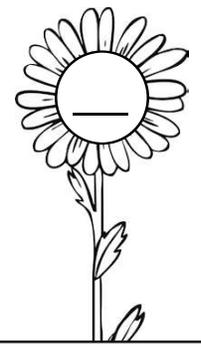

thirty-two

sixty-nine

fifty-one

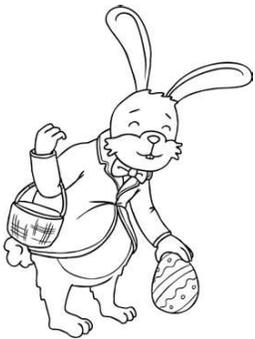

one
hundred

Activity 11

The Easter Bunny has to deliver one last egg, but the label has fallen off and he doesn't know the address.

The egg needs to go to a house that has an odd number between 15 and 35.

What address could it be?

Activity 12

Which eggs do I need to crack to score:

a) 10 points?

b) 12 points?

You can only use each egg once.
