

The Water Challenge

Boys and Girls!

Water is important for us to stay alive. We use water daily. With all the lovely weather we may be facing a hosepipe ban.

Your challenge this week is to find out:

1. What is a hosepipe ban?
2. What would we do at home if there was a hosepipe ban?

Create a poster to display on our website www.moneynickps.com to explain how and why we need to conserve water?

Parental Safeguarding

Remember that adult supervision is always necessary when your child is working online. Send photos of your child's work to info@moneynickps.randalstown.ni.sch.uk

If your child is in the photo do not included his/her name to adhere to child protection procedures. Good luck!
