Dear Parent/Guardian

Your child is using Mathletics as part of their mathematics lessons at school. Mathletics is a targeted, rewarding and captivating online learning resource, which is aligned to curriculum standards. The teacher has also assigned tasks which your child can complete at home - they simply sign in with their unique school username and password using any compatible computer or mobile device. The extra Mathletics practice at home can make all the difference to your child's progress. Encourage them to earn points and certificates across the school year. Go for gold!

Sign in with your child to start exploring what Mathletics has to offer: -

- Visit www.mathletics.com or download the FREE Student Mathletics App from all major app stores;
- Use your child's login details (provided by their class teacher);
- Explore all the engaging activities and games Mathletics has to offer; - Check out 'My Progress' for your child's activity results and certificates.

We hope you and your child love learning online. Maths is fun for young and old so go be 'mathletics'.

Continue to take care and stay safe.

Yours Sincerely

Fiona McConway
